Dy Secretarys remarks: —

1. The ancient temple
which is situated amidst
pleasant hill scenery
in the Doddaballapur
Taluk has been coming
into importance in
recent years and is
largely resorted to by
pilgrims The buildings
have been greatly improved
and added to at a cost
of some thousands of
rupees in recent years.
A scale of expenditure
amounting to about
400 Rs a year has been
fixed although the
Government Jasoth

on account of the institution is only about 40 Rs a year All this has been rendered possible by the collection of a tax upon every head of cattle brought for sale at a Jatra which is held every year in the month of January. The income from this source is about (2000) Rs annually This income is carefully accumulated and deducting expenditure hitherto incurred on repairs and improve = -ments, there is a surplus of about 16000/ now to the credit of this temple.

2. The first and foremost thing to be

donne in connection
with this temple is
to invest as much
as possible of the
Savings with the view
of obtaining a permanent
income sufficient
to meet the annual
expenditure prescribed
for Paditara &c,.

3 There are some
more improvements
required such as the
construction of a
Mahdewara, the building
of a bhattram (there
being at present no
accommodation for
pilgrims) and so on.
But these measures
had better perhaps
be deferred for the present,
in view of the investment
referred to above.

4. The subject mooted

in the present reference is also an important one. The lands on which ~~the~~ cattle stand during the few days of the Jatra are almost all private holdings and although most of the holders of those lands have gladly allowed the cattle to stand on them, still it would appear that in recent years some of the ryots have been raising objections. The proposal therefore is to acquire all these lands by payment of compensation (which is estimated at about Rs 1550 The lands will afterwards be leased for cultivation by the Amildar on behalf of the temple

And will prove a source of permanent income to the temple. I think the proposal is a good one and the acquisition of the lands may be sanctioned, & the declaration under section 6 of the Land Acquisition Regulation submitted by the Dy Comr., published in the Gazette.

5. Allowing at the highest a sum of Rs 2000/- for the acquisition of these lands, there will remain a balance of Rs 14,000/- out of which Rs 8000/- may be at once invested in Govt of India Securities at 3½ per cent, which will yield Rs 280/- per annum Such investments may be repeated year after

year until a perman
income sufficient
to meet the current
expenditure of the
temple is secured.
With the balance bf
and with the income
of the next Jatra,
the question of the
Construction of a
Mahadwaram and
of a Bhattram may
be taken up by next
year.

Sir,

When last I was at Doddaballapur on inspection duty on the 28th Ultimo, it was brought to my notice that the lands on which temporary shops are held and the cattle brought for sale are made to stand during the days of the Jatra of the Ghati Sri Subrahmanya swami temple, do not belong to the temple but to some private individuals. The Amildar of Doddaballapur stated that it was not unlikely that the owners of those lands might, at

some future time, claim the manure and perhaps even ~~the~~ a portion of the tax now being levied on the bullocks brought for sale, and suggested the acquisition of these lands by Govt for the benefit of the temple on payment of a reasonable compensation and then leasing them out for cultivation.

2. I am ~~now~~ to request that you will be so good as ~~to inspect the place once~~ to and submit your proposals on the subject for orders of Govt regarding the acquisition of the lands in question.

An early reply is awaited.

Sir,

With reference to your docket No. 992 dated 8th January 1902, Mug. L. F. 88-92 requesting to submit proposals for acquiring the lands on which the Cattle that are brought for sale in the Jatra of Sri Ghate Subramanyaswami temple are made to stand, I have the honor to state that, both the Amildar and the Assistant Commissioner propose to acquire the lands and have sent up a Statement

showing the details of lands required for the temple for publication in the Mysore Gazette; and also a Map from which it will be seen that the area on which the cattle shed includes a portion of the Kaveri Village of Subrajanagenahalli in which the temple has also a share. The occupants of the Kaveri Village have given a Muchalika renouncing their rights to Manure in favor of the temple.

2. The Vernacular papers bearing on the subject are enclosed.

To,

The Assistant Commr.

Bangalore Division.

Sir,

I beg to submit that as you are aware a big jatra is annually held near the tank of Sri Subramanya Swamy situated within the limits of Medinajanahalli village of this Taluk.

2. At the jatra, a large number of cattle and sheep keepers assemble and a tax on them is levied. The cattle stand on either side of the tank, on Government ground and occupied lands and also on the lands of the Inamdar of Subramanyanahalli which is said to have once belonged to the temple but is now

3. From the Govt Pro:
No 613-17 Dated 24th April 85
Cobs of which is submitted
for ready reference, it would
appear that the levy would
be local when it is made
w, rent for the use of the
temple land. The temple
in question has no land to
call its own. As to the moment
the levy of the tax is not
questioned by anybody and
the people, seems that the
Collections are appropriated
for the restoration and up-
keep of the temple have
been gladly and willingly
paying it. But the state
of things could not be
relied upon. It is feared
that the occupants of the
Government lands and
the holders of the Inam village
may, if they like, claim
the rent collected from the
cattle and shops assembling
on their lands. To save the
temple from the uncertainty

it is necessary to acquire the occupied lands their area and assessment are noted in the margin. Considering the light assessment in force on them by the Survey Department the amount of compensation to be paid will not be large

4. A sketch showing the ground occupied at the Jatra is herein enclosed.

5. When the Inspector Secretary visited the temple a few days ago he assured us that the proposed measure was necessary in the interests of the temple.

6. The present occupants need not be disturbed in their possession and cultivation of the lands to be acquired as they will be allowed to continue to attend the temple and get their requirements as usual for some

now.

The temple is [illegible]

Order thereon. — He is satisfied that the tax or tobe at the foot of the Gudiattore hill is the property of the Gallikar in a temporary manner on the hill-top, and that any revenue which may legally be collected for the use of the tobe by traders assembling at the Jatra, must be credited to the temple funds. He therefore directs that the amount now reported to have been credited to Govt. without any authority, be refunded to the institution

2. As regards the legality or otherwise of levying any tax on the traders who assemble for the purpose of trade at the Jatra, the Sowcar is of opinion that the levy is not by way of tax, but as rent for the use of the tobe which belongs to the temple. All traders who do not agree to pay the rent fixed, should not be allowed to set up shops in the tobe. The Collectors arrangement, as proposed by the Inspector of Police, cannot be an unobjectionable one as long as it is explained to the people that the collection will be credited to the temple, for its maintenance. The Sowcar therefore, in addition, the imposition of a small rent for the annual Jatra season; the rate -

should vary according to the nature of trade, and the Executive Commissioner, in consultation with the Sanzaroi officer, will frame a reasonable scale of rates and publish it at the Patra time for the information of those concerned. The collections should be credited to the temple, and such portion of it as may be necessary, should be devoted to the temple service, as recommended by the Sanzaroi officer. Vernacular proceedings are returned.
